Guidance Note for using the Tester app and access the latest version of the ENAP questionnaire.

This document has been compiled to assist you with the step-by-step installation and use the tester APP to test the INDEPTH-ENAP questionnaire template.

You will be required to have access to an Android tablet or phone.

The Tester APP will allow you to access the latest version of the questionnaire.

Please follow the instructions below to download the mobile app and access the questionnaire.

Please circulate this note to the researchers involved in the study in your site and compile and send us comments by **COB the 19th of July.**

These comments will be used to Improve the performance of the questionnaire template that will be implemented in the next few months.

NOTE: You need to ensure you have at least 204 Megabytes of storage space left on your device before installing the Survey Solutions Tester APP.

STEP 1: Connect to the WIFI from your Android device.

Connect your Android device to the internet using either 3G/4G or WIFI. This is made possible by taping the WIFI icon or the mobile data icons

Once your device is connected to the internet you will now need to open the Google Play Store APP. If you cannot find this APP, you need to look for an APP that looks like the image below

2. STEP 2 – Download Survey Solutions Tester from Google Play.

When your Play Store APP is open, you now need to search and download the Survey Solutions Tester APP using the steps shown below.

Tap on the highlighted part on your tablet/phone

Type Tester in the highlighted part to search for the Tester APP

Tap on the Survey Solutions Icon to open for the installation

Tap on the installation Icon to install Survey Solutions Tester on your Tablet of Phone

Once installation is complete, the Tester Icon should appear on your device.

Wait for the APP to completed download and installation

Note: The Tester APP has a white background. This should not be confused with the Interviewer APP. The Tester APP does not store any data. It is only used for training purposes only.

3. STEP 3 Log in in the Tester App.

When the download and installation of the Tester APP is complete, double click on the Tester APP to open it. The hope screen should look like the ones presented below. In order to access the INDEPTH-ENAP questionnaire template for testing, you should login using the **control** username and **control** as the password.

When the login is successful, you should now be able to view the available questionnaire template for testing as is shown below in STEP 4. You should now click on the ENAP_INDEPTH_V## template link to activate the questionnaire for testing.

NOTE

BEFORE STARTING TO TEST THE QUESTIONNAIRE TEMPLATE, WE ADVISE YOU TO TAKE NOTES FOR SUGGESTIONS OR COMMENTS ON THE DIFFERENT SECTIONS AND QUESTIONS IN THE APP.

REMEMBER TO NOTE DOWN THE QUESTION NUMBER OR SECTION NUMBER.

REMEMBER THAT AT THIS STAGE WE EXPECT ONLY THE DIFFERENT HDSS CORE SCIENTISTS WHO ARE ALREADY FAMILIAR WITH THE ENAP STUDY TO CONDUCT QUESTIONNAIRE TEMPLATE TESTING. FEEDBACK ON ANY INCONSISTENCIES OR CHALLENGES WHEN TESTING THE APP SHOULD BE SUBMITTED TO THE INDEPTH-ENAP CORE TEAM FOR IMPROVEMENTS TO FOLLOWING EMAIL ADDRESS TO THE INDEPTH-BAR 19TH JULY 2017.

LASTLY, PLEASE COMPILE ALL THE FEEDBACK FROM YOUR HDSS SCIENTISTS INTO ONE MS WORD DOCUMENT TO AVOID SUBMITTING DUPLICATED/MANY NOTES.

4. STEP 4: Access the latest version of the ENAP/INDEPTH Survey Questionnaire.

Click on the link to activate the questionnaire template. Click on the most recent or newest version of the INDEPTH_ENAP questionnaire template incase more than one version of the templates appears on your device.

5. STEP 5: Check the latest version of the survey questionnaire.

Tester should appear like in the picture below. The grayed out words are the identifier variables that your HDSS will have selected. You should tap on the **START** button to begin testing

	🖇 🗊 31% 🛓 13:32
ENAP_INDEPTH_v12	₽ :
Zone/village	
House number/compound number	
Name of woman	
1D number of woman	
START	

NOTE:

- 1. Some of the questions that are add-on to the INDEPTH-ENAP survey and will not appear for certain countries. An example vaccination questions that are highlighted <u>YELLOW</u> in the MS Excel version of the questionnaire template that have been selected by Bandim HDSS.
- 2. All sections in the MS-Excel that appear in **GREEN**, the Survey Solutions APP will do this for you

After tapping the **START** button, the APP should direct you to the next page where you are required to select the country in which your HDSS is located.

Country selection.

	≱ 🛜 30% 🖻 13:32

O MATLAB, Bangladesh	
O Dabat, Ethiopia	
O Kintampo, Ghana	
O Bandim, Guinea Bissau	
O Iganga, Uganda	
TAP ON YOUR RESPECTIVE HDSS	LINK

Listing variables

After selecting your respective HDSS, Since Dabat, Kintampo, Iganga-Mayuge HDSS and Matlab HDSS sites will not see the LISTING tab because a template for the woman listing has not yet been created. However, Bandim HDSS where the Listing has been created, the LISTING Tab will appear and this will be prepopulated with the woman's information in the final interviewers APP. These variables need to be identified by each HDSS.

Interview Progress

At this point you are now ready to proceed testing the questionnaire template. Below are some of interface options that will notice while testing the APP and the questionnaire template.

a. When completing the INTRODUCTION AND CONSENT section, ensure that you remember to tap on the text box below the question "Date when the signature of the interviewee received" Otherwise the APP will not be able to compute correct values of the age of the individuals in question in the preceeding sections

May I begin the interview now?			
• YES	×		
0 NO			
Signature of interviewee recieved?
