**YESTERDAY'S CONTACTS**

52PEO	<p><b>I would like to ask you about the people you talked to face-to-face <i>yesterday</i>.</b> We are only interested in the people you had a face-to-face conversation (within arm's reach) with from midnight yesterday to midnight last night. I would like you to include people in your household.</p> <p>First, we will try to remember who they were, and I will write down their name (e.g. "Mary") or a description (e.g. "street vendor") that we can use to refer back to them. We will not keep the names – they only need to be detailed enough to help you remember who you meant. Nicknames or initials are fine. If you met the same person on more than one occasion yesterday, I will record them once, and later we will estimate the total time you spent with them.</p> <p>Think about the morning at home: who did you talk to there?  Did you go out? Who did you talk to while you were travelling?  Did you go out on business? Think about who you talked to there?  Did you go shopping? Did you talk to anyone while shopping?  Did you go out in the evening? Who did you talk to then?</p>
