

## Early Implementation of WASH for Everyone

### SOP for Illiterate Respondents

If the respondent is illiterate or unable to sign:

- 1) Ask the respondent is they are comfortable leaving a thumbprint in required areas.
- 2) Identify an individual from the same household who is able to witness the Participant Information Sheet reading and consent process
- 3) Ask the individual to sign in the appropriate part of the consent form that he/she was present and that participant was voluntary.
- 4) The individual should then leave and not participate in data collection unless directly requested by the respondent.
